

## Scope Database Journal Indexing & Citation Analysis

Journal Name : Journal of Electrical Power and Energy Systems (JEPES)					
Coverage Period: 2018-2022					
Total No of Papers Indexed:19					
ISSN Online 2576 - 053X					
ISSN Print 2576 - 0521

Manuscript ID	Paper or Article Title	List of Authors name	Year of Publication	Source, Volume, issue and page numbers	County of Publication- Author 1 country of publication
00001-51696	A Comparative Thermodynamic Analysis of the Rankine Cycle Using Various Organic Working Fluids		2022	Journal of Electrical Power and Energy Systems 6, 1, 44 - 55	Nigeria
00001-51703	Controlling Flow in Draft Tube of Francis Turbine by Vortex Preventing Element		2022	Journal of Electrical Power and Energy Systems 6, 1, 34 - 43	Turkey
00001-51708	Application of Gene Expression Programming for Performance Analysis of a Regenerative Organic Rankine Cycle with Low-Temperature Heat Source		2022	Journal of Electrical Power and Energy Systems 6, 1, 24 - 33	Turkey
00001-51715	A New Approach for Estimating Parameters in PV Cell Models based on Odd Polynomial Regression		2022	Journal of Electrical Power and Energy Systems 6, 1, 17 - 23	Libya
00001-51717	US Oil Companies Returning to Libya?		2022	Journal of Electrical Power and Energy Systems 6, 1, 1 - 16	Russia
00001-51724	A New Implementation of PMU Based on Streamed Values of IEC 61850 Process-Bus		2021	Journal of Electrical Power and Energy Systems 5, 1, 92 - 100	Libya
00001-51730	Energy Intensity, Efficiency, and Investments - In the Theory and Practice		2021	Journal of Electrical Power and Energy Systems 5, 1, 81 - 91	Russia
00001-51737	Feasibility Study for Using Energy-Harvesting Floor in Urban Public Transportation System: Case of Subway Stations		2020	Journal of Electrical Power and Energy Systems 4, 1, 11 - 21	Mexico
00001-51764	Factual Power Loss Diminution by EnrichedArtificial Fish SwarmAlgorithm		2020	Journal of Electrical Power and Energy Systems 4, 1, 1 - 10	India
00001-51767	Present Situation and Prospects of Bioenergy		2018	Journal of Electrical Power and Energy Systems 2, 3, 26 - 28	Macedonia
00001-51774	Tuned Controller`s Gain Tested under Grid Voltage Sags Using PSO Algorithm		2018	Journal of Electrical Power and Energy Systems 2, 1, 6 - 18	Tunisia
00001-51780	Shale Gas Potential in Pakistan: By comparison of Sembar formation and Barnett Shale Texas		2018	2, 2, 19 - 25	Pakistan
00001-80872	Design and Simulation of an Efficient and Controlled Solar Power Electronics Converter in Microgrid and Smart Grid Applications		2022	Journal of Electrical Power and Energy Systems 6, 1, 56 - 70	Kenya

**Journal Name : Journal of Electrical Power and Energy Systems (JEPES)**

00001-80880	Design and Optimization of Substation Grounding Grid for Ensuring the Safety of Personnel and Equipment	2021	Journal of Electrical Power and Energy Systems 5, 1, 71 - 80	Bangladesh
00001-80888	Protection Automatics of Medium Voltage Networks-Characteristics of Earth Fault Detection Criteria	2021	Journal of Electrical Power and Energy Systems 5, 1, 58 - 70	Poland
00001-80892	Hybrid Energy Storage Module Utilizing Hardware-in-the-Loop Emulated Distributed Generation	2021	Journal of Electrical Power and Energy Systems 5, 1, 46 - 57	United States
00001-80909	Combined Heat and Power Plant Installation at Oil and Gas Fields: Is It Cost-Effective?	2021	Journal of Electrical Power and Energy Systems 5, 1, 33 - 34	Serbia
00001-80916	Improving Adiabatic Film Cooling Effectiveness Using a Chevron Shape Ramp	2021	Journal of Electrical Power and Energy Systems 5, 1, 24 - 32	Algeria
00001-80922	Real Power Loss Reduction by Hybridization of Tree-Seed Algorithm with Sine-Cosine Algorithm	2021	Journal of Electrical Power and Energy Systems 5, 1, 8 - 23	India
